Vervoort G, Tack CJ. Do we need new drugs for the treatment of type 2 diabetes mellitus?  
Neth J Med 2007;65(5):157-9.

On page 159 the following sentence, on the second to fourth line; 'Distinct from GLP-1 analogues, DPP-IV inhibitors do not appear weight neutral and to lack gastrointestinal side effects.' is incorrect, it should read 'Distinct from GLP-1 analogues, DPP-IV inhibitors do not cause weight loss, but appear weight neutral. DPP-IV inhibitors also seem to lack the gastrointestinal side effects observed with GLP-1 analogues.'
